

明暗兩面「體」

凡物都有兩個以上的不同明暗面，此所以現今的小學生的思維訓練亦需要改由凡事作兩面的分析——即循優點與缺點雙方面進行分析評論，只要能夠說出合理論據，便可成立，答題再不需要依循標準答案，這樣或許能一改以往只顧背誦的沉重學習模式。這裡介紹的幾件趣致家品新作，均輔以燈光或螢光展現家品的另一個模樣，以光作媒介，教人即時領略凡物皆有多面性的道理。

Wing

Your Turn

Memoires

Wing

這盞由Monica Förster設計的吊燈，充滿著感官趣味，遠看像是一隻隻停在半空的鳥兒，藉著光與影的相互映照，從而產生柔軟與輕快閃爍的樣子。Wing採用金屬製造，外層塗經磨砂處理的漆油，集雕塑與照明燈兩項用途於一身。瀏覽網址：www.zero.se

LightHouse

此一照明設備由丹麥設計師Thomas Sandell為Zero於今年09年參加斯德哥爾摩的Galleri Brändström展覽而設計。丹麥名稱Ljushus直譯為LightHouse，採用金屬物料製造，高腳屋形的燈身內置LED燈管，環保又節能。無論LightHouse亮與不亮時都會令人喜出望外。瀏覽網址：www.zero.se

Your Turn

其實這是一張擺在客廳裡的茶几，採用多層式層板作弧形修邊設計，並塗上光漆，桌面飾有一面圓形水晶面板，藉數碼印刷技術於底座塗上夜光漆塗層，圖案既像座標亦像棋盤，夜晚還可以發光，設計兼重環保意識，由06年4月成立的Ennezero公司出品。瀏覽網址：www.ennezero.it

Memoires

顧名思義這是個可以讓你滿載難忘記憶的書架，採用多層式層板塗抹亮澤光漆製成，櫃背出奇地作弧形修飾，加入鋼材塗飾作基座，層板則上夜光漆塗層，使在夜裡可透出螢光，設計同樣注重環保意識。瀏覽網址：www.ennezero.it

what's new

The weather armour ICI Dulux Weathershield

With Malaysia's tropical climate of extensive rainfall throughout the year, water protection is a key need for the exterior wall. In addition to the well known Dulux Weathershield, ICI Dulux offers their latest solution to combat hairline cracks with enhanced water protection – Dulux Weathershield Max. On top of that, the other laudable benefits of Dulux Weathershield Max include excellent colour fastness (Colourlock), fungus and algae resistant and 5 years warranty against peeling, cracking, excessive chalking and fungus/algae growth. A high quality 100% acrylic-based emulsion paint for exterior, Dulux Weathershield Max is formulated with a flexible, yet durable finish that covers hairline cracks easily even on walls that are subjected to repeated expansion and contraction due to temperature changes. Dulux Weathershield Max also provides protection against water seepage into the exterior walls and keeps walls new for longer.

Feel Good Ennezero, Italy

Feel Good by Ennezero is an elliptical mirror, 4 mm thick, mounted in a frame made of matt lacquered MDF. The human silhouette depicted on the mirror is the pictogram for the words "feel good"; it is screen-printed using a photo-luminescent varnish made with an environment-friendly chemical base.

The Ennezero Advanced Home Design Philosophy defines itself as 'The state of the art and design, continuous research, developing aesthetic and technological contents, open to influences from the world of the arts and of philosophy, with the aim of creating absolutely innovative, unique objects and furnishings, permeated by a new critical attitude towards how things function.'

Through the looking glass fridge Toshiba

Toshiba's new Glass Collection fridges are just what you need to spice up your kitchen and give it a cool new look. Toshiba's new model has doors wrapped in scratch-resistant, tempered glass like those normally found in bigger, premium-priced fridges. The glass finishing adds a touch of sophistication and reflective elegance to the fridge and will blend in easily with and complement perfectly, any modern home setting. Toshiba's new fridge features a 5-Star Energy Rating – saving you up to 25% in energy consumption. It also features an all-new Hybrid Guard System, an integrated fresh technology that comprises a UV Fresh Guard, Hybrid Plasma Deo and Cool Air Wrap.

The new Toshiba Glass Door Collection Hybrid Guard System fridge is available in Kaviar Grey and comes in 430 and 480 litres while non-glass door fridges range from 240 to 710 litres.

All fridges come with a 5-year warranty on the compressor. For a closer look at these sophisticated fridges, visit your nearest Toshiba outlet or any leading electrical outlet, nationwide.
